Miss Connie Corbett  
Chief Financial Officer  
WVBU  
Box C-823

April 18, 1983

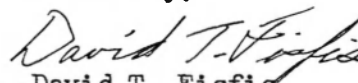

Dear Connie,

After thorough deliberation the ABS Appropriations Committee has chosen to withhold funds from WVBU. We have noted a lack of performance at WVBU in supporting the Bucknell Community's musical interests. The station does not meet the needs of its listeners and thus fails to see its audience tuning to other stations. Consequently, this has caused a decline in the Bucknell Community's desire to support WVBU.

We do not wish to establish a music policy for WVBU, but as a representative body we must respect and support the views of our constituency. There exists a growing lack of interest by Bucknellians in WVBU's "aggressively progressive" music. Due to the station's massive financial requirements, the Appropriations Committee must withhold funds until we believe the students money will be used to service their contemporary rock and roll taste.

We request Charlie Bramhall report to us when efforts have been directed towards accomplishing this goal.

Sincerely,

  
David T. Fisfis  
ABS President,  
for the A.C.
