Hello board members,

It's time once again for the bi-yearly summer news letter. I'm sure that this letter will find all of your minds far removed from the hallowed halls of Bucknell and WVBU. But...it's time to start thinking!

I hope all of you have been enjoying your summer to the extreme. Me? I'm stuck in the endless heat and humidity of Annapolis, Maryland. I am working as a bank teller. (Stop laughing!) I have found time to catch up on movies and books, hit some bars and Orioles games, and go water skiing on the Chesapeake Bay. I just returned from a seven day, 529 mile bike ride across Iowa with 12 thousand crazy people. One big rolling party! Luckily, we only had one and a half days of rain, otherwise it was all sunshine! We did however, get to see a lot of flood damage.

Well, the purpose of this letter is to get all of you thinking about fall semester. Yes- it's fast approaching. As you may recall, there were lots of significant events that were occurring at the end of last semester.

First of all, the move to Roberts is under way. There have been some space complications and I am a little upset. Hopefully Barry Maxwell will save us and give us the "joint" territory with the Bucknellian. As of now, we have NO office space. I'm also praying that they don't start yanking wires and equipment out of Carnegie before we arrive. That could be very BAD! Otherwise, things are going well.

If my memory doesn't fail me, we had great things planned for the fall with the incoming freshman class. It would be great to have at least one event maybe two within the first few weeks. It will be a great plug for the station and will benefit us in the future. With the loss of the Jan Plan, we will have to really promote (Eric and Jammer) the station early in the fall. We are already signed up for the activities fair (I hope!) and the meeting and training sessions should follow immediately, in order to maintain interest.

There will be a board meeting Wednesday 24th at 6:30 PM in the board room in the Carnegie building (if it is still there!) We will discuss plans for the semester and schedule show picks. Depending on the move, I would like to get on the air as soon as possible.

Unfortunately, I won't be arriving to campus until the 22nd. You can try me at my home if you need to get in touch with me up until then. As for on campus, I have no idea what my phone number is yet. My apartment is on 4th street, 47 and 1/2, if you really need me.

Once again, enjoy the rest of your summer and please, at least try to think of what you'd like to accomplish this semester.

See you all soon,
